ALUTHERM SANI 800 WIFI WHITE

The Alutherm Sani 800 Wifi is a compact heater especially for the bathroom. With 800 watts of power, this convector heater is especially suitable for a small to medium-sized bathroom.

Operating this heater is easy. A remote control is included, but there is also a display on the heating on which it can be set according to your wishes. The Alutherm Sani also has WiFi control, so you can easily operate the heater with your smartphone. For example, set a weekly timer so that you never enter a cold bathroom again. Or quickly turn on the heating while you're still in bed. Easy right?

Product number	361124
EAN	8713415361124
Powered by	electric
Power	800 W
Power selection	3
Connection voltage	220-240/50 V/Hz
